INTRODUCTION

When we think of winter in our homeland of Sweden there are some immediate associations that come to mind. As the seasons change from cool, crisp autumn to the cold and dark of winter, Scandinavians are particularly good at easing this transition with clothing, interiors and food that bring warmth and light. We wanted to share some of these wonderful traditions, designs and activities with you – but of course with the signature modern twist that we at MillaMia bring to all things knitted.

In this book you will find a mix of knitting projects to see you through the winter season. Indulge in kitting yourself out for the first fall of snow, make clothes that the kids can wear for the festive season and create interior projects that will bring warmth both literally and visually. You will also find that we have added a couple of 'bonus' projects – sharing a couple of our favourite festive recipes along with some wonderful paper projects that are perfect for any yarn enthusiast.
