CIRCLE OF SHAME!

You know how we're always telling you that celebrities are intrinsically fascinating and embody a paradigm of physical perfection that we insist you aspire to? Well, they're NOT and they DON'T and yet you MUST! Here are some pictures of them looking like arseholes, like this is in some way healthy.

Somebody forgot to wear gloves on this quite chilly evening. Hands cold enough for you **GEORGE**, you PRICK?!

JUDE LAW is supposed to be 5'10" but here he looks if anything more like 5'9". Something you've forgotten to tell us about your height, Jude, you lying midget?

Kate goes for the tell-tale knickers and jeans combo, primly trying to hide her VAGINA.

Have you any idea where you are, **KATE WINSLET**? Those shoes don't go with that floor!

Oh dear **CAMERON**, you've just farted and everyone can smell it. Dirty.

The tragic suicide of poet **SYLVIA PLATH** becomes instantly understandable when you consider the state of her god-awful barnet. Poor cow!
